

Report on Activities during Lockdown Period

The Covid-19 pandemic has forced the colleges to shut down from the mid of March 2020 and has caused havoc in the regular teaching-learning process. Even as the entire country battles the pandemic with a lockdown, CIT have not forsaken its primary responsibility to the students. CIT has immediately shifted to the online platform to keep the ball rolling.

Here are the steps taken by CIT to keep the academic going.

Licensed version of Zoom Video Conferencing

- CIT is using licensed version of Zoom Video Conferencing software for conducting the Online Classes.
- The online classes are started from 16th March 2020 as per the regular time table immediately after the lockdown is imposed.
- The faculty members of CIT were adopted to use the Zoom Video Conferencing tool as the part of the system, well before the lockdown. This enabled the faculty members to easily shift the teaching-learning process to the online mode.
- Around 25% of the syllabus was completed before lockdown through regular offline teaching mode. Remaining 75% of the syllabus is completed during the lockdown period through online mode.
- The online classes are automatically recorded and stored in the zoom's cloud space as video format, as we are using licensed Zoom platform. The links of the recorded classes are shared to the students who have missed the live classes due to network issues.
- The faculty members have effectively used the interactive features of the Zoom Video Conferencing software such as sharing the documents and multimedia contents; sharing the faculty's computer screen with the students; using the virtual whiteboard and enabling the students to use annotation tools in the whiteboard.
- Around 70% of the students were actively attended the online classes. Remaining students were unable to connect due to the poor Internet connectivity in the rural places.
- 5513 no. of online classes are conducted during this lockdown.

Moodle, as a Learning Management System

- The Institution has implemented Moodle, as a Learning Management System that enables faculty to create their own site filled with dynamic courses that extend learning, anytime, anywhere.
- Faculty of CIT are using Moodle LMS for sharing the Teaching- Learning resources with students such as Lecture Notes, Course Materials, Question banks, Presentations and Assignments.
- Students' Feedback is also received through Moodle.

Guest Lectures through Zoom Video Conferencing

- Online Guest Lectures are organized through Zoom Video Conferencing to augment the students with the latest updates and to enhance the academic experience of the students.
- 85 Online Guest Lectures from External Experts were conducted during this lockdown period by the departments in various subjects.
- Eminent Guests from Industry and Educational Institutions were invited from both India and abroad.

Coursera

- CIT has partnered with Coursera - Online Certification Platform, to enable the faculty members and students to acquire Certifications in various engineering courses offered by various universities world-wide. 
- 698 students have obtained Coursera certifications during this lockdown period.

Internal Assessment Test

- Two Internal Assessment tests are conducted.
- The Question papers are mailed to the individual students' mail ids as well as uploaded in the website during the start of the test.
- Mail ids are exclusively created for each department under the college domain.
- Students have written the answers with necessary headers, scanned the answer sheets, converted into a single PDF document and mailed within 20 minutes after the test duration.
- The students are asked to retain the answer sheets to submit to the departments after the college reopens.
- The departments have provided the helpline numbers to support the students who fail to receive the question papers in time.

Assignment

- Guidelines are framed for allotting 10 marks for Assignment as part of Internal Assessment: Q&A based Learning - 4 marks, Assignment No. 1 - 3 marks, Assignment No. 2 - 3 marks.
- For Q&A based learning, 1 mark is awarded for each 3 multiple choice questions.
- Each Assignment is a 2 hours of work.
- The Assignments are submitted as soft copy or scanned copy of hand written.
- The soft copy submissions are accepted only with the plagiarism of less than 25%.

Final Year Project Review/Internship Review/Technical Seminar

- The phase 2 project review / Internship review / Technical seminar for the final year students were conducted through Zoom Video Conferencing.
- The Departments have nominated the panel members along with the faculty guide to review the assessment.
- The panel members have shared the review marks to the respective coordinator through google forms.
- The assessment was based on the presentation from the students shared through zoom, responses to the queries of the panel members, as well as demonstration of their project simulations / working models.

Remedial classes

Department of Mathematics has conducted remedial classes to the students who have failed in the subject Transform Calculus, Fourier Series and Numerical Techniques (18MAT31) during the lock down period through Zoom online platform. Dr. C R Pradeep and Mr. Naveen Kumara N of Department of Mathematics have conducted the classes.

CET Coaching

A free CET coaching was commenced by CIT through online platform on 8th June, 2020 with the aim of providing quality coaching to students, who plan to appear for the CET Examination of Karnataka state and planned till 3rd July, 2020. Dr. CR Pradeep, Dr. Shambhulingaiah K S, Dr. Umesh Laddi and Dr. Vinay K are handling the coaching classes.

Other highlights

- Around 60 Faculty members have participated in the Webinars organized by various Industry, Research and Educational Institutes.
- All the lab experiments are video recorded and shared to the students.
- CIT has also used the Zoom Video Conferencing tool for conducting various meetings including HoDs' Meetings, Department meetings, Proctor meetings, addressing all the students by the Director and Principal.
- Best practices are introduced as part of the Online Classes:
 - Tutorial Session by Students
 - Using polls during the classroom session to get students feedback/answers
 - Discussion on relevant multimedia resources available
 - 5-minute discussion on real- and exam-question related topics

Digital preparedness of Students

The Proctors have called all the students personally and collected the details regarding their digital preparedness. The following parameters were considered to measure the digital preparedness as per the VTU guidelines vide its Ref. No. VTU/PS/2020-21/51 dated 11.5.2020.

- A device with Audio Visual facility
- Internet Connectivity
- A Suitable Meeting Application

ಕರೋನ ವೈರಸ್‌ನಿಂದ ಶಿಕ್ಷಣ ಕ್ಷೇತ್ರಕ್ಕೆ ಸವಾಲು

ತುಮಕೂರು

ಪ್ರಪಂಚವೇ ತಲ್ಲಣ ಗೊಳಿಸಿರುವ ಕರೋನ ವೈರಸ್ ಸಾಂಕ್ರಮಿಕ ತಂದೆಡಿದ್ದಿರುವ ಶಿಕ್ಷಣ ಕ್ಷೇತ್ರದಲ್ಲೂ ಸವಾಲು ಸುಮಾರಾಗಿ ಎದುರಿಸಲು ತುಮಕೂರಿನ ಚನ್ನಾವಣಿ ಶಿಕ್ಷಣ ತಾಂತ್ರಿಕ ಮಹಾವಿದ್ಯಾಲಯವು ತಾಂತ್ರಿಕ ಉತ್ತರವನ್ನು ಕೊಡುಕೊಂಡಿದೆ. ಸಿ.ಎ.ಟಿ ಸಂಸ್ಥೆಯ ಮಾರ್ಗ ತಿರುಗಿ ಮಧ್ಯಭಾಗದಿಂದ ತನ್ನ ಸಂಸ್ಥೆಯಲ್ಲಿ ಆನ್‌ಲೈನ್ ಬೋಧನಾ ಪರಿಷ್ಕರಣೆ ಆರಂಭಿಸಿದೆ.

ಕರೋನ- ವೈರಸ್ ತಂದೆಡಿದ್ದಿರುವ ಈ ಜಾಗತಿಕ ಸವಾಲನ್ನು ಸಮರ್ಥವಾಗಿ ಎದುರಿಸಲು ಸಂಸ್ಥೆಯ ವ್ಯವಸ್ಥಾಪಕ ಮಂಡಳಿ ಸದಸ್ಯರುಗಳು ಒಮ್ಮತ ಮಾಡಿ ತಂತ್ರಜ್ಞರು ಮತ್ತು ಬೋಧನಾ ತಜ್ಞರುಗಳ ತಂಡವೊಂದಿಗೆ ನಿರಂತರವಾಗಿ ಕಾರ್ಯತಂತ್ರಗಳು ಮಾಡುತ್ತಿದ್ದಾರೆ. ಈ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ಕಂಪ್ಯೂಟರ್ ತಜ್ಞರುಗಳು ಸಿ.ಎ.ಟಿ ಸಂಸ್ಥೆಯ ಬೋಧನಾ ಸ್ಟುಡಿಯೋ ಮತ್ತು ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ಯೋಜನೆ ನಂತರ ಆನ್‌ಲೈನ್ ಬೋಧನಾ/ಕಲಿಕಾ ಪರಿಷ್ಕರಣೆ ಮಾಡುತ್ತಿದ್ದಾರೆ.

Covid-19: CIT shows the way, holds online classes

Issuance of licences in RTO offices to registration of property at sub-register offices and services in local bodies have been withdrawn

DEVARAJ B HIREHALLI @ Tumakuru

INTERNET connection is good enough to connect teachers and students virtually. It is in a university in the US or a college in a remote village.

The Channavasaveshwara Institute of Technology(CIT) campus on the town's outskirts might be looking deserted with no students but the students are virtually connected to their teachers for a couple of days and have been on track with the syllabus.

The institute is making the most of technology, being a licensed user of the Zoom application which has many features and options. Over 1,500 students of different branches have downloaded it for free

using an emoji 'raising hand' and answered. "All topics from 'complex analysis' to 'probability & statistical methods' to 'data communication' are easily understandable. Online classes have facilitated smooth interaction and provided comfort of connecting from anywhere," remarked Karuna a fourth semester computer science student. She also said PowerPoint presentations in PDF formats will be emailed to the students.

"These video conferencing classes have helped us learn sitting at home. Even my friends from other institutions don't have such classes and are jealous of us," said Karthik Ganesh.

"I have been using 'GoToMeeting', 'ZoomMeeting' and Botim applications for the past two years personally. But I have engaged in such classes for the first time and they're really good," said Atif Jawed, hailing from Bihar. The student attendance for online MBA classes was 28 out of 33. Students accessed lecturer Divya's 'public relations' class held between 10 am and 10:40 am on Thursday. "I am really grateful to see how well our faculty has responded to this arrangement and transitioned to online classes," remarked CIT director Suresh D.S.

Admin monitoring 224 people in Tumakuru

Tumakuru: The administration has been monitoring all the 224 people who arrived at Tumakuru from abroad during different intervals of time and took their throat swab samples for test. 14 people have been sent to the lab for the tests. Meanwhile, deputy commissioner Dr K Rakesh Kumar has postponed the annual fair of the famous Siddalingeshwara at Yedyuru temple town that was going to start from March 24.

Suspected coronavirus person tests negative

Kolar: A person who was admitted in the isolated ward after showing symptoms of Coronavirus was tested negative on Thursday, bringing smiles to Deputy Commissioner, health department and police officers who were awaiting his report. The person is working in a food service company in Bengaluru and fell sick with fever and cough. He's from the rural district and walked to the district hospital where the matter was brought to the notice of Kolar Deputy Commissioner Satyabhama. The senior officer instructed the district health officers to take necessary steps, as the symptoms worried the health officers. They admitted him the isolation ward and collected his samples which were sent for lab.

DC orders suspension of non-essential services

Mysuru: To prevent the COVID-19 spread in the district, Deputy Commissioner Abhiram G Sankar on Thursday ordered suspension of various non-essential services in Mysuru. Using the powers granted to him under Karnataka Epidemic Diseases, COVID-19 Regulations-2020 and the Disaster management Act 2005, the DC issued an order withdrawing various non-essential services, including services at Atalji Janasnehi Korra and Aadha centers in the district. Issuance of licences in RTO offices (renewal of licences exempted) to registration of property at sub-registrar offices and services in local bodies are withdrawn from now until further orders.

However, the order will not affect banks, post offices and regular bus services by KSRTC.
