About Professional Bodies

The vision of Professional Society is to develop student's academic, professional and personality development skills through various programs, activities arranged by the association. To monitor and control effective conduct of such program ensuring regular attendance, active participation and involvement of students.

Objectives

- Improving standard of Engineering Education and counseling the students in the emerging new opportunities
- Encouraging and motivating the outside Class room studies /Workshops/ projects/ Seminars
- To plan, organize Technical Programs, Special Lectures, Workshops, Seminars Symposia, exhibitions for the benefit of students.
- To provide common platform for students to exchange of ideas in technical topics of interest and to facilitate technical visits, project works, employment, contact with industries and academic institutions.
- Encourage team spirit and self-reliance among student members
