PROCTORIAL PROCESS

Dear Parents / Students

The Proctorial system is introduced with the main objective of providing supportive care and advice to the students, helping them in their academic problems and personal problems if any, from time to time and counseling them appropriately. The proctors would also help the students in selecting the elective subjects / internships / projects / activities as part of the curriculum. This system would help the students to complete their studies comfortably and successfully.

Efforts are made to send the progress reports of each student to his/her parents/guardians furnishing the details of attendance, IA marks, examination results, etc.

The college has implemented Moodle – Learning Management System, where all the students are given login ID to access all the learning resources from time to time.

Parents are requested to direct their wards strictly not to carry/use mobile phones in the college premises. Violation of the rule would result in seizing mobile phones.

The proctorial system has received an excellent response and encouragement during the previous years. However, continuous efforts are being made to give the best services from our institution.

To make the proctorial process more fruitful you are requested to interact with the Principal / Vice-Principal / Deans / HODs / Chief Proctor / Proctor / Faculty Members from time to time and give your valuable suggestions. You are also requested to send in your suggestions to principal@cittumkur.org or chiefproctor@cittumkur.org.

Kindly furnish your E-mail Id, Phone No. for future correspondence.

Looking forward to your kind co-operation and wishing all the best for your ward.

Chief Proctor

Principal

I have read and understood the details of the Proctorial Process.
