CIT – NISP Meeting Resolution

Minutes from the NISP Policy Formulation Committee Meeting, which was conducted on April 5, 2021, at 11.00 a.m. in the in the board room, CIT, Gubbi.

Agenda:

1. A discussion of the Innovation and Startup Policy, which was formulated during the previous committee meetings.

2. The Innovation and Startup Policy's approval.

Topics discussed

- Dr. Suresh D. S. gave a brief introduction about the Innovation and Startup Policy.
- The NISP coordinator, Dr. Siddeshkumar N. G., gave a thorough explanation of the Innovation and Startup Policy.
- The Innovation and Startup Policy was unanimously adopted by the committee.
- The committee thoroughly discussed the numerous actions that must be performed to put the developed policy into practice.
- In this context, suggestions were made concerning the structure of the Policy Implementation Committee.

- To achieve the goals of supporting an innovation and entrepreneurial ecosystem, the stakeholders from many areas developed the CIT Innovation and Entrepreneurship Policy (CIT-IEP) as a road map to the missionary vision.

- In light of the NISP, CIT has formed an expert group to provide specific guidelines for a number of topics pertaining to innovation, start-up, and entrepreneurship management and so on.

- Following several rounds of meetings, the Innovation and Start-Up Policy for CIT students and faculties is created with the following goal.

  - To identify and encourage student innovators in building self-sustaining business concepts. To unlock the entrepreneurial potential of the young minds, it seeks to foster the innovation ecosystem both inside and outside of the college.
  - To provide a welcoming and energetic environment to encourage student entrepreneurs, startups, and SME to innovate and give them the tools they need to create technology-based goods and services that will create jobs and boost the local and national economies.
  - Exposure of utmost number of students to the concept of entrepreneurship and increases entrepreneurship skills of students.

Ideally, the committee should consist of experts from the incubation unit, pre-incubation unit, ecosystem enablers, industry associations, IPR experts, alumni, startup founders, innovators, entrepreneurs etc. Identification of experts from external sources is preferred with representation from the internal and NISP coordinator as the convener of the committee.
